**Brief description of filing. (If filing follows rates of an advisory organization, specify organization):**

The Farmers Insurance Group of Companies respectfully submits for filing revisions to our Commercial Umbrella Program. Companies included in the group for this filing are Truck Insurance Exchange.

Farmers proposes to offer higher limits for our existing Commercial Umbrella program. Currently the maximum limit is \$5,000,000, the propose increase will have a maximum limit to be \$10,000,000. This filing is defining the method for calculating the additional premium, and refining the eligibility rules, only for limits above \$5,000,000. This is a rules change only with no rate impact.

Farmers is also introducing a standard "refer to company" rule to accommodate individual risk pricing situations related to our anticipated very occasional use of single policy reinsurance (facultative and treaty special acceptance) where the premium is determined entirely by our reinsurance partners.

\* Adjusted to reflect all prior rate changes.

\*\* Change in Company's premium level which will result from application of new rates.
